EQUAL EMPLOYMENT OPPORTUNITY/ADA STATEMENT

During the performance of the contract, the Contractor agrees as follows:

1. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, political affiliation or belief, age or disability. The Contractor will take affirmative action to insure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, sex, national origin, political affiliation or belief, age or disability. Such action shall include but not be limit to the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for the training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notice setting forth the provision of the nondiscrimination clause.
2. The Contractor agrees that all services, facilities, activities and programs provided as part of this contract will meet the requirements of the American's with Disabilities Act and the rules and regulations promulgated thereunder.
3. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, political affiliation or belief, age or disability.
4. The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided, advising the labor union workers' representative of the Contractor's commitments under the Equal Employment Opportunity Section of this contract, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
5. In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further contractors.

#4 Proposal summary

Engelau Excavating LLC is proposing that once the leachate level on the shallow end of the lagoon reaches 12 inches in depth, then our company will begin cleanup. This will be done by pumping from the deep end with a 6" pump into a 4800 gallon tank trailer parked near the gravel lane. The thin liquid on the top of the tank will then be pumped back into the lagoon for use as wash and dilution. The thick solution on the bottom of the tank will be pumped into a truck and hauled to a disposal facility. This process will continue until the liquid in the tank is too thick to be used for cleaning the lagoon. When this occurs then we will pump or haul water from one of the onsite storm water detention ponds. The storm water will then be used for all cleaning until the lagoon is deemed clean. This will be done with brooms, squeegees, and a fire hose.

If the district obtains approval from IDEM to pump leachate back into the landfill Engelau Excavating will assist in this any way possible for no additional fee. If the district is unable to lower the lagoon to 12" on the shallow end then Engelau Excavating LLC can begin sooner for an additional cost listed below in proposed cost.
